1. teach full time;
2. in high-need subject areas;

Amount of Award

The yearly amount of the grant is based on enrollment status: \$4,000 for full-time, \$3,000 for $\frac{3}{4}$ time, \$2,000 for $\frac{1}{2}$ time and \$1,000 for less-than $\frac{1}{2}$ time enrollment. The lifetime maximum is \$8,000 for graduate-level study.

Due to the sequester law, all grants will be reduced prior to disbursement. *For any 2021-2022 TEACH Grant first disbursed on or after Oct. 1, 2020, and before Oct. 1, 2022, the maximum award of \$4,000 is reduced by 5.7 percent (\$228), resulting in a maximum award of \$3,772.*

TEACH Grant Agreement to Serve and Promise to Pay

Each year you receive a TEACH Grant, you must sign a TEACH Grant Agreement to Serve (ATS) and Promise to Pay (service agreement) that will be available electronically on a Department of Education Web site. The TEACH Grant service agreement specifies the conditions under which the grant will be awarded, the teaching service requirements, and includes an acknowledgment by you that you understand that if you do not meet the teaching service requirements you must repay the grant as a Federal Direct Unsubsidized Loan, with interest accrued from the date the grant funds were first disbursed. (<https://studentloans.gov/myDirectLoan/launchTeach.action>).

Teaching Obligation

To avoid repaying the TEACH Grant with interest you must be a highly-qualified, full-time teacher in a high-need subject area for at least four years at a school serving low-income students. You must complete the four years of teaching within eight years of finishing or ceasing to be enrolled in the program for which you received the grant. You incur a four-year teaching obligation for each educational program for which you received TEACH Grant funds, although you may work off multiple four-year obligations simultaneously under certain circumstances.

Highly-Qualified, Full-Time Teacher

You must perform the teaching service as a highly-qualified teacher, which is defined in federal law (<https://www2.ed.gov/nclb/methods/teachers/hqtflexibility.html>). To be considered full-time, you must meet the state's definition of a full-time teacher.

High-Need Subject Areas

You must spend the majority (at least 51 percent) of your time teaching one of the high-need subject areas, a subject determined to be high-need when you sign your Agreement to Serve. Elementary teachers who teach many subjects would not be able to fulfill their service agreement. Currently the high-need subjects are:

- Bilingual education and English language acquisition
- Foreign language
- Mathematics
- Reading specialist
- Science, and
- Special education

Schools Serving Low-Income Students

Schools serving low-income students include any elementary or secondary school that is listed in the Department of Education's Annual Directory of designated Low Income Schools for Teacher Cancellation Benefits (<https://studentloans.gov/myDirectLoan/tcli.action>). To fulfill your service requirement, the school at which you work must be designated low-income when you sign your ATS.

Documentation

You must respond promptly to any requests for information or documentation from the U.S. Department of Education, even if they seem repetitive. These requests will be sent to you while you are still in school as well as once you are out of school. You will be asked regularly to confirm that you either still intend to teach or that you are teaching as required. You must provide documentation to the U.S. Department of Education at the end of each year of teaching.

If you temporarily cease enrollment in your program of study or if you encounter situations that affect your ability to begin or continue teaching, you will need to stay in touch with the U.S. Department of Education to avoid your grants being converted to loans before you are able to complete your teaching obligation.

IMPORTANT REMINDER

Failure to complete the teaching obligation, respond to requests for information, or properly document your teaching service will cause the TEACH Grant to be permanently converted to a loan with interest. Once a grant is converted to a loan it can't be converted back to a grant.
