

Take Flight with the LifeLong Learning Society Tuesday – March 3, 2026

LifeLong Learning Society presents this SignaTours trip as an opportunity for members to travel together

Travel among the stars with your LifeLong Learning friends! Our adventure begins mid-morning in downtown Washington, D.C. at the Smithsonian National Air & Space Museum, one of the most visited museums in the world. Located on the National Mall, this remarkable museum features eight newly opened galleries. Discover aviation milestones such as the first airplane, marvel at the spacesuit worn by the first person to walk on the Moon, and explore countless other fascinating exhibits that bring the story of flight and space exploration to life.

At mid-day, we'll board our coach (box lunch served on board – see below for menu choices) and head north to NASA's Goddard Space Flight Center in Greenbelt, MD. Our visit begins at the Visitor Center with a presentation on the mission and groundbreaking projects supported by Goddard. Then, enjoy a guided tour of "Building 29", where you'll learn about the Webb and Hubble space telescopes, as well as the exciting new Nancy Grace Roman Telescope. We'll also visit the impressive "Clean Room," where satellites are assembled—offering a rare opportunity to see NASA scientists and technicians at work. Finally, we'll return to the Visitor Center for free time to explore its exhibits before heading home.

Your Tour Cost Includes:

Round-trip Motorcoach Transportation ❖ Visit to National Air & Space Museum & NASA Goddard Space Flight Center
Box Lunch ❖ SignaTours Tour Director ❖ Tax & Gratuity on Inclusions ❖ Refreshments on coach
Driver & Tour Director Gratuities
